【Highlighted Spots】

Roadside station Takinoue :It was a fairytale building like a sweetheart from the station. Inside, they sell soft ice cream and Karintige that used local food ingredients Huscup (like sweet and sour Blueberry).

Asahiyama Zoo Park: This is a very popular zoological garden just outside of Asahikawa in the middle of Hokkaido. You can see penguins up close at the penguin walk which is a winter weather. (There are times when you can not see it by the execution time ※)

Drift ice crushing ship Garinko II: The Okhotsk Sea the southernmost sea in the northern hemisphere where drift ice is seen. "Garinko II" is a huge drill-like screw, making a noise with crackling, it brilliantly crushes ice and goes on ice chill for about 1 hour.
